

MR. ADAMS.—John Quincy Adams, of Massachusetts, never writes a letter intended for the public eye which is not worth reading. Here is an extract from his letter accepting the Democratic nomination for Governor:

"Now, as formerly, I think it wise to use calm and moderate methods in dealing with questions of State, to adhere scrupulously to constitutional forms in enforcing the will of the people, and to make haste slowly with revolutionary reforms. But I may be pardoned if, in view of a hesitation which lingers here and there, I declare my especial satisfaction at the position adopted by the Convention in respect to the later amendments to the Constitution of the United States. I am heartily glad to see good citizens who have disputed the plan of adjustment required by the party in power, so long as it was debatable, acquiesce cheerfully when once it has become irrevocable.

"It seems to me to be the part of patriotism now to accept honestly and without mental reservation those amendments as the final settlement and pacification of the civil war, and then to turn resolutely away from the irritating and painful memories of the past to the pressing duties of the future. That future, if we wisely improve it, may be made to redeem, and more than redeem, all the sufferings and all the errors of the past. It may warn us to guard jealously the invaluable habit of local self-government, while we yield to the irresistible instincts of national unity. It may teach us to alleviate oppressive taxation by economy and skill in fiscal management, so that a tariff may no longer strangle trade. Universal amnesty and equal rights may once again demonstrate to the world that the people at their homes may be trusted to preserve the peace and maintain the principles of liberty without soldiers to make them afraid. And, above all, a kindly and considerate policy toward vanquished citizens may make us again a prosperous and happy people, cordially united in a friendship based upon mutual esteem and cemented by identical interests."

ENJOYING HIS EASE.—The congregation of the Rev. Dr. Cheever, when he preached in the stone church, which stood where Tiffany's now stands, was not rich, and therefore let his salary run behind some \$60,000. When the church was sold this was paid, principal and interest, and he now lives in a villa in New Jersey, and enjoys, as was once remarked by a druggist, his *opium cum digitalis*.

BY J. A. SELBY.

COLUMBIA, S. C., WEDNESDAY MORNING, OCTOBER 4, 1871.

VOL. VII—NO. 169.

Special Notices.

THE WARNING HAS BEEN HEED.

Since the exposure of the attempts made by certain unscrupulous local dealers, to palm off their coarse astringents, made from cheap and impure materials, in the place of the great national tonic, HOSTETTER'S STOMACH BITTERS, public opinion has set strongly against these empirics and their preparations. Their occupation is gone, or soon will be. When the light is let into deception, it soon winks down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years' experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has aroused the public at once, and the meaning, the demand for the leading and reliable medicinal medicine of America was never so great as it has been this season. From the fever and ague districts of the West, South-west and South, it is literally overwhelming, and it may be said of the advices from all parts of the country, that the cure for it is effecting in dyspepsia, bilious complaints and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good," and of avoiding what is spurious and dangerous.

THE CAUSE AND CURE OF CONSUMPTION.

—The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest pre-disposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging their functions, and then rouse up and restore the liver to a healthy action. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all acid, and that has accumulated there, and rouse it up to a healthy action, by which natural and healthy bile is secreted.

The stomach, bowels and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an acid, which is the cause of indigestion and the appetite poor. In the bowels there is a weak, and requiring strength and support. It is in a condition like this that Schenck's Food Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and it acts to neutralize all excess of acid, making the stomach easier, and it gives a permanent tone to this important organ, creates a good, hearty appetite, and prepares the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the Food Tonic. The Food Tonic of Schenck's Pulmonary Syrup. This Food Tonic nourishes the system, purifies the blood and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonary Syrup, that all ulcers and cavities are healed up sound, and my patient is cured. The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body can get on in flesh and get strong. If a person has diseased lungs—a cavity or abscess there—the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things—a good appetite, good nutrition, the body to grow in flesh and get fat. Food Tonic helped, the cavity will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lung is entirely destroyed, or even if one lung is entirely gone, if a person is enough vitally left in the other to heal up, there is hope.

I have seen many persons cured with only one sound lung, live and enjoy life to a good old age. This is what Schenck's Medicines do to cure Consumption. They will clean out the stomach, and give strength, and give up a good digestion, and give up the assistance he needs to clear the system of all the disease that is in the lungs, whatever the form may be.

It is important that while using Schenck's Medicines, care should be exercised not to take cold, keep in doors in cool and damp weather; avoid night air, and take out-door exercise only in a genial and warm sun-shine.

I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold, while using my medicines, I do so for a special reason. A man who has but partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured; and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a full return of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Confirmed Consumptive lungs are a mass of sores, which the least change of atmosphere will inflame. The grand secret of my success with my medicines consists in my ability to subdue inflammation instead of provoking it, as many of the faculty do. A inflamed lung cannot, with safety to the patient, be exposed to the biting blasts of winter or the chilling winds of spring or autumn. It should be carefully shielded from all irritating influences. The utmost caution should be observed in this particular, as without it a cure, under almost any circumstances, is an impossibility.

The person should be kept on a wholesome and nutritious diet, and all the medicines continued until the body has restored to its natural quantity of flesh and strength. I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and hearty these many years, with one lung mostly gone. I have cured thousands

since, and very many have been cured by this treatment whom I have never seen.

About the 1st of October I expect to take possession of my new building, at the North-east corner of Fifth and Arch streets, where I shall be pleased to give advice to all who may require it.

Full directions accompany all my remedies, so that a person in any part of the world can be readily cured by a strict observance of the same. J. H. SCHENCK, M. D., Philadelphia. For sale by druggists and dealers everywhere. JOHN F. HENRY, 8 College Place, New York, wholesale agent. Nov 19 ty

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS. Hundreds of Thousands Bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Pure Rum, Whisky, Proof Spirit, and various Liqueurs, doctored, sweetened and flavored to please the taste, called "Tonic," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Good Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters, according to directions, and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by natural poison or other means, and the vital organs have been beyond the power of repair. For Inflammation and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Kidneys and a host of other Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiating Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of untold efficacy in clearing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Stomach, Constipation, Flatulency, Chills, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Puffing of the Heart, Copious Discharges of Urine, Pain in the limbs, and a host of other ailments, which are the offspring of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiating Blood whenever you find its impurities bursting through the skin in pimples, eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French, and Spanish.

Wheeler & Wilson's

Sewing Machines.

A FEW reasons why they should have the preference over all others:

1. Wheeler & Wilson's Sewing Machine is much simpler than any of the others; requiring less than half the amount of machinery.

2. As the result of this simplicity, this machine is much less liable than the others to get out of repair.

3. Another result of this simplicity is greater durability.

4. Another result is less friction, and, consequently, greater ease and rapidity of motion, with less noise.

5. And greatest of all, that it uses no Shuttle, and makes the lock stitch.

It is the cheapest to buy the best. Buy the machine that has justly, fairly and honorably won a reputation and independence against a strong and bitter competition. For more than twenty years has the Wheeler & Wilson not only stood first and foremost, but now stands the unrivalled Sewing Machine of the enlightened civilized world.
